

Director's Message

Today's education system often gives us concepts, but not enough practical exposure to real industry environments. At BPST, we aim to bridge this gap by providing industry-oriented training with strong fundamentals, hands-on coding, live projects, team-based collaboration, Agile/Scrum exposure, testing and deployment experience. Our goal is to transform learners into confident, skilled and industry-ready professionals who can contribute from day one.

— *Build a Better Tomorrow Together*

Why BPST?

More Than Learning,
A Real-World Experience

Live Projects

Work on real-world projects

Industry Environment

Experience real industry practices

Interview Preparation

Mock interviews & placement support

Coding Sessions

Learn by doing, not just theory

Team Work

Collaborate, communicate, grow

Career Guidance

Personalized mentorship for your career

Building Solutions for a Better Tomorrow

Career-Focused Programs

BPST offers market-relevant, industry-oriented training programs designed for practical learning and job readiness.

Software Development & Full Stack

HTML, CSS, Bootstrap, JavaScript, Internet & Web Architecture, Database Fundamentals, C, Java, Python, C# / .NET, MVC, REST APIs, Micro Service Architecture, SQL, Git, testing, deployment.

Advanced UI Development

Angular, React, reusable components, responsive UI, micro frontend concepts.

Data Analytics

Excel, SQL, Python, statistics, dashboards, Power BI, data visualization.

AI / ML

Python for AI, machine learning basics, deep learning concepts, model usage.

Generative AI / Agentic AI / AI Agents

Prompt engineering, LLMs, RAG, AI workflows, automation, AI agents.

Cyber Security

Network security, web security, ethical hacking basics, application security.

Mobile App Development

Android, iOS, APIs, mobile UI, deployment.

Game Development

Game programming, game design, 2D/3D concepts.

Cloud & DevOps

Docker, cloud basics, GitHub, CI/CD, deployment.

How We Train Students

From Fundamentals to Industry Exposure

A structured learning journey that transforms you from a learner to an industry-ready professional.

What Makes BPST Different

- ✓ Learn fundamentals before frameworks
- ✓ Live project-based training
- ✓ Daily coding sessions
- ✓ Simulated industry environment
- ✓ Trainer as Project Manager / Technical Mentor
- ✓ Team-based project work
- ✓ Agile / Scrum exposure
- ✓ Testing, bug fixing, deployment exposure

Student Support & Career Preparation

- Personality Development
- Communication Skills
- Mock Interviews
- Technical Interview Preparation
- HR Interview Preparation
- Resume Guidance
- Job Hunting Support
- Relevant Interview Opportunities

Who Can Join?

B.Tech | BCA | MCA | Polytechnic | Diploma
Graduates | Freshers | Career Switchers | School/College Students
